## CLEANSING NOTICE UNDER SECTION 708A(12C)(e) OF THE CORPORATIONS ACT 2001 (CTH)

# 1. Summary

This cleansing notice (**Cleansing Notice**) is issued by Pilot Energy Limited ABN 86 115 229 984 (**Company**) under section 708A(12C)(e) of the *Corporations Act 2001* (Cth) (**Corporations Act**) as notionally inserted by *ASIC Corporations* (*Sale Offers: Securities Issued on Conversion of Notes*) *Instrument 2016/82* (**ASIC Instrument**).

The Company confirms that:

- (a) the Notes (as defined below) will be issued without disclosure under Part 6D.2 of the Corporations Act;
- (b) this Cleansing Notice comprises a notice under section 708A(12C)(e) of the Corporations Act in respect of the Notes, as inserted by the ASIC Instrument; and
- (c) this Cleansing Notice complies with section 708A(12D) of the Corporations Act as inserted by the ASIC Instrument.

This Cleansing Notice is an important document and should be read in its entirety. No offer or invitation is made pursuant to this Cleansing Notice for any person to subscribe for or apply to acquire the Notes, or other securities issued by the Company. You are not required to do anything in response to this Cleansing Notice. Neither ASIC nor ASX take responsibility for the contents of this Cleansing Notice.

The issue of this Cleansing Notice enables the fully paid ordinary shares in the capital of the Company issued upon the conversion of the Notes issued by the Company on the terms described below to be on-sold to retail investors without further disclosure.

# 2. Background

The Company announced on 14 December 2023 that it had entered into a binding convertible note agreement (**Note Agreement**) with Discovery Investments Pty Ltd ACN 103 750 312 (or its nominees, who are sophisticated investors for the purposes of section 708(8) of the Corporations Act) (**Investors**) pursuant to which the Investors would subscribe for convertible notes issued by the Company (**Notes**) which are convertible into fully paid ordinary shares in the Company (**Shares**) to raise \$3,500,000.

The Directors of the Company consider that the entry into the Note Agreement and the issue of the Notes is in the best interests of shareholders of the Company (**Shareholders**) as it will enable the Company to provide funding towards activities associated with the Company's projects - the Carbon Capture & Storage (**CCS**) FEED, pre-FEED preparatory work for the broader Mid West Clean Energy Project (**MWCEP**) in Western Australia, as well as general working capital for corporate overheads. The recent funding initiatives will provide a runway for

the Company to continue the planning stage of the MWCEP whilst partnering arrangements are being concluded.

The issuance and conversion of the Notes was subject to the approval of the Shareholders at the Company's AGM held on 6 February 2024 in order to permit the Notes and the Shares issued on conversion of the Notes to be issued without using the Company's 15% placement capacity under ASX Listing Rule 7.1.

# 3. Contents of this Cleansing Notice

This Cleansing Notice sets out:

- (a) in relation to the Notes:
  - (i) the effect of the issue on the Company; and
  - (ii) a summary of the rights and liabilities attaching to both the Note and the Shares that will be issued on conversion of the Notes.
- (b) any information that:
  - (i) has been excluded from continuous disclosure notices in accordance with the ASX Listing Rules; and
  - (ii) is reasonably required by investors or their professional advisers to make an informed assessment of:
    - (A) the Company's assets and liabilities, profits and losses, financial position, performance, and prospects; and
    - (B) the rights and liabilities attaching to the Notes; and
- (c) other information relating to the Company's status as a disclosing entity.

# 4. Overview of the effect of the issue of the Notes on the Company

The principal effect of the issue of the Notes on the Company is as follows:

- (a) the Company's cash reserves will be increased by a total of \$3,500,000 on the issue of the Notes representing the aggregate subscription price of the Notes (before costs associated with the issue):
- (b) the number of convertible notes on issue in the Company will increase from 5 to 16:
- (c) the Company's indebtedness will be increased by the aggregate face value of the Notes (being \$3,500,000), plus all accrued but not paid interest; and
- (d) if the Notes are converted, this will dilute the holdings of existing Shareholders and will also decrease the Company's indebtedness accordingly. The effect of the conversion of the Notes on the Company's capital structure is shown in section 6 below.

## 5. Pro-forma statement of financial position after the issue of Notes

Set out in Annexure A is a Pro-Forma Financial Information statement comprising the unaudited Pro-Forma Statement of Financial Position as at 14 February 2024 of the consolidated Pilot Group showing the effects of an issue of a Convertible Note of \$3.5M anticipated to complete on or around 14 February 2024. The rights attaching to Shares, including new Shares to be issued to the Investors on the conversion of the Notes, are set out in the Company's constitution (**Constitution**), and in

certain circumstances are regulated by the Corporations Act and the ASX Listing Rules. The following is a broad summary of the more significant rights, privileges and restrictions attaching to the Shares. The summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders in the Company. The summary is qualified by the full terms of the Constitution (a full copy of which can be obtained from the Company on request free of charge). These rights and liabilities can involve complex questions of law arising from an interaction of the Constitution with statutory and general law requirements. For a Shareholder to obtain a definitive assessment of the rights and liabilities which attach to Shares in any specific circumstances, the Shareholder should seek legal advice.

Item	Comments					
Voting	Subject to any rights or restrictions for the time being attached to any class or classes of shares, at a general meeting of the Company every holder of fully paid Shares present in person or by an attorney, representative or proxy has one vote on a show of hands (unless a Shareholder has appointed 2 proxies or has appointed a proxy who is also a Shareholder, in which case the proxy or proxies has or have no vote on a show of hands) and one vote per Share on a poll.					
	A person who holds an ordinary share which is not fully paid is entitled, on a poll, to a fraction of a vote equal to the proportion which the amount paid bears to the total issue of that share.					
	Where there are 2 or more joint holders of a Share and more than one of them is present at a general meeting, in person or by proxy, attorney or representative, and tender a vote in respect of the Share, the Company will count only the vote cast by, or on behalf of, the Shareholder whose name appears first in the Company's register of Shareholders.					
Dividends	Subject to the Corporations Act, the Board may by resolution declare a dividend or determine a dividend is payable, and may fix the amount, time for and method of payment.					
	Subject to the terms of issue of the Shares, the Company may pay a dividend on one class of shares to the exclusion of another class. Each Share in a class on which the Board resolves to pay a dividend carries the right to participate in the dividend in the same proportion that the amount for the time being paid on the Share bears to the total issue price of the share.					
Issue of further shares	Subject to the Corporations Act and the ASX Listing Rules, the Board may, on behalf of the Company, issue, grant options over or otherwise dispose of unissued shares to any person on the terms, with the rights, and at the times that the Board decides.  The Company may issue preference shares (including preference shares that are liable to be redeemed).					
Variation of class rights	If the Company issues different classes of Shares, or divide issued Shares into different classes, the rights attached to shares in any class may (subject to the Corporations Act) be varied or cancelled only:					
	<ul> <li>with the written consent of the holders of 75% of the issued shares of the affected class; or</li> </ul>					
	by special resolution passed at a separate meeting of the holders of the issued shares of the affected class.					

6

Item	Comments
Transfers of shares	A Shareholder may transfer a Share by any means permitted by the Corporations Act or by law. The Company must not charge any fee on the transfer of a share.  The Board:
	<ul> <li>may refuse to register a transfer of Shares only if that refusal would not contravene the ASX Listing Rules or the ASX Operating Rules;</li> </ul>
	<ul> <li>subject to the Corporations Act and the ASX Listing Rules, may refuse to register a transfer of Shares where the registration of the transfer would create a new holding of an unmarketable parcel;</li> </ul>
	<ul> <li>subject the Corporations Act, must not register a transfer to a subsidiary of the Company; and</li> </ul>
	<ul> <li>must not register a transfer if the Corporations Act, the ASX Listing Rules or the ASX Operating Rules forbid registration.</li> </ul>
	If the Board refuses to register a transfer, the Company must give the lodging party notice of the refusal and the reasons for it within five business days after the date on which the transfer was delivered to it.
Partly paid shares	The Board may, subject to compliance with the Constitution, the Corporations Act and the ASX Listing Rules, issue partly paid ordinary shares upon which there are outstanding amounts payable.
Unmarketable parcels	The Board may sell a Share that is part of an unmarketable parcel in accordance with the Constitution.
	Once in any 12 month period, the Board may give written notice to a Shareholder who holds an unmarketable parcel that it intends to sell the unmarketable parcel on a date that is not less than 6 weeks from the date of the notice.
	If the Shareholder tells the Company that they wish to retain the unmarketable parcel, the Company cannot sell the unmarketable parcel.
	The Board's power to sell lapses if a takeover is announced after the Board has given a notice to sell the unmarketable parcel and before the Board enters into an agreement to sell the share.
General meetings and notices	Subject to the rights of the class of Share notified to the Shareholder at the time of issue, each Shareholder is entitled to receive notice of (whether or not the Shareholder is entitled to vote at the meeting), and to attend and vote at, general meetings of the Company and to receive all notices, accounts and other documents required to be sent to Shareholders under the Constitution, the Corporations Act or the ASX Listing Rules.
Winding up	Subject to the terms of issue of Shares and the provisions of the Constitution, if the Company is wound up, Shareholders will be entitled to participate in any surplus assets of the Company in proportion to the percentage of the capital paid up on their Shares.

Item	Comments
Variation of the Constitution	The Corporations Act provides that the Constitution may be modified or repealed and replaced by a special resolution passed by the Shareholders of the Company. The Constitution does not provide for any further requirements to be complied with to affect a modification of, or to repeal and replace, the Constitution.
Share buy-backs	Subject to the provisions of the Corporations Act and the ASX Listing Rules, the Company may buy-back and cancel Shares in itself.
ASX Listing Rules	<ul> <li>As the Company is listed to the official list of ASX, the Constitution provides that:</li> <li>notwithstanding anything contained in the Constitution, if the ASX Listing Rules prohibit an act being done, the act shall not be done;</li> <li>nothing contained in the Constitution prevents an act being done that the ASX Listing Rules require to be done;</li> <li>if the ASX Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be);</li> <li>if the ASX Listing Rules require the Constitution to contain a provision and it does not contain such a provision, the Constitution is deemed to contain that provision;</li> <li>if the ASX Listing Rules require the Constitution not to contain a provision and it contains such a provision, the Constitution is deemed not to contain that provision; and</li> </ul>
	if any provision of the Constitution is or becomes inconsistent with the ASX Listing Rules, the Constitution is deemed not to contain that provision to the extent of the inconsistency.
